Methods:

1. Under this method all claims paid by Medicare fee-for-service and private health insurers over a twelve month period are used. For these claims, the sum of all allowable reimbursement amounts is divided by the sum of the associated gross charges.
2. Under this method all claims paid by Medicare fee-for-service over a twelve month period are used. For these claims the sum of all allowable reimbursement amounts is divided by the sum of the associated gross charges.
3. Under this method the limitation of charges is calculated prospectively using the billing and coding process as if the eligible individual were a Medicare or Medicaid beneficiary and the reimbursement amounts are the Medicare or Medicaid allowable amounts for the services provided.
4. "Claims" for purposes of this Exhibit include claims for medical necessary services and claims for emergency services.

How to Apply the 501 Amounts Generally billed (AGB) Percent

1. 501r is a mandated policy implemented by the Internal Revenue Service that Ballad Health must follow.
2. This percent is subject to review and modifications on an annual basis. For July 1, 2020 - June 30, 2021, the AGB percent ranges from 15% to 36% based on the above table. This percent is the maximum amount of gross charges that can be billed to patients who qualify for financial assistance, as displayed in the example below.

Gross Charges	\$1,000
AGB Percent	16%
Allowed billable to patient	\$160
Charity	\$840
